

REMARKS

Status of Claims

Claims 1-25 are pending in the application. All claims stand objected to because of incorrect manner of marking the previous claim amendments. Applicants have re-marked the claims in the manner suggested by the Examiner in the Final Office Action. A Substitute Reissue Application Declaration executed by all three of the named inventors has also been included and Applicants respectfully submit that this case is now in condition for allowance and should be passed to issue. Such action is earnestly solicited.

Respectfully submitted,
